Building Security and Access

All buildings on the campus of LeTourneau University have designated hours of operation. Many buildings are closed for all business once these designated hours have passed. Some labs and other educational facilities may be accessed after hours by personnel who have been specifically identified to LETU Police Department on a printed Access Control Roster that we receive from the departments that are responsible for the facilities in question. Below is a list of campus facilities and their regular hours of operation.

Building	Opening	Closing	Days of Week
