

WELCOME BACK!

..... *we missed you*

We've made some positive changes for your safety, including:

- adding floor decals to take the guessing out of social distancing
- enforcing handwashing and station disinfecting protocols every 30 minutes
- implementing a new online ordering platform (ask us how to get started!)
- eliminating any self-serving station...let us take care of it for you!
- adding more sneeze guards to keep you (and us) safe
- taking temperatures of our staff at the beginning of each shift
- making sure all of our associates are wearing face coverings
- switching over to disposable plates, bowls, and individually wrapped utensils
- offering utensils to each guest individually
- placing hand-sanitizer dispensers throughout the café
- going cashless to limit contact between you and our cashiers
- individually packaging additional grab & go items such as desserts, whole fruit, baked goods, etc.
- offering individual portions of condiments

Questions or concerns? We're here for you. Please email

WELCOME
BACK!

..... we missed you

JUST ONE TIME

As much as we love reusables usually, we ask you to please use our clean cups, mugs, and to-go boxes rather than your own container

GOT MASK?

The City and County of Longview
Texas has strongly urged the
wearing of face coverings while in
public spaces and conducting
business.

Thank you for cooperating and
helping to ensure the safety and
health of our community.

DO YOUR PART, STAY APART: 6FT PLEASE

PHYSICAL DISTANCING

To limit potential community spread of COVID-19, we have taken the following measures:

- Placing decals at least 6 feet apart in guest line areas inside the café and on sidewalks at public entrances.
- Maintaining separate order areas from pickup areas to prevent guests from gathering.
- Instructing all employees to maintain a distance of at least 6 feet from guests and from each other.
